WORK OF THE CONVENTION.

Many Reforms to Be Urged in State Departments,

ALBANT, April 7 .- The successful outcome of this election is due largely to the efforts of Gov. Glynn in arousing the Democratic and Progressive voters throughout the State following the meet-

of the Democratic State committee Albany two weeks ago.

At that time Gov. Glynn pointed out that many material amendments were needed to the State Constitution which would make possible the placing of the

State government on a business basis and provide a new system for financing State improvements, as well as amend-ments permitting the State to enter into universal hydroelectric development, to insure the proper construction of good roads, to provide woman suffrage, a short ballot, home rule for cities, reforms in legal procedure to prevent existing dethe courts, changes in the present service system to prevent abuses, to provide a reapportionment of Senate and Assembly districts, and to establish a

PATERSON, N. J., April 7 .- Dow H Drukker, Republican, was elected Representative in Congress from the Seventh New Jersey district to-day to fill the unexpired term of Robert G. Bremner Democrat, who died of cancer on February 5. He carried the district, embracing all of Passaic county with the exception of two townships, with a plurality of 5.276. His total vote was 10,505, or 220 year more than the combined vote of the next two highest candidates.

James J. O'Byrne, Democrat, in the interest of whose candidacy President Wilson wrote a letter of warm indorsement. was a poor second in the race with a total of 5,229 votes. He was closely crowded by Gordon Demarest, Socialist, who was only 173 votes behind him.

Henry C. Whitehead, Progressive, was fourth man, the big Bull Moose vote of the district dwindling to 602.

This majority for the head of the ticket assures the election of the entire non-partisan ticket. In this landslide the six holdover Socialist Aldermen at large were carried out of office, and also the holdover City Attorney. In some of the strong Socialist wards Aldermen have probably been chosen by the Socialists, but in six of the twenty-three the Socialist candidates were eliminated at the primary.
